

Greece ('About Tour' tab)

Greece is the perfect blend of history, mystery, and natural beauty. This European coastal country should be at the top of everyone's holiday bucket list!

What's one of the main reasons to visit Greece? Beaches, beaches, and more beaches! Greece boasts the largest coastlines in Europe and has over 2,000 islands. Some of the most famous include Santorini, Mykonos, Crete, and Corfu. Many people consider Greek beaches to be some of the best in the world, known for their crystal-clear waters in a variety of beautiful blue hues. The waters are also very calm and safe, with no waves or dangerous sea creatures lurking about.

Step into the past

If you're going to Greece for more than sun, sand, and sundowners, then head to one of the country's many ruins. The Acropolis in Athens, Greece's capital city, is a must-see! It's made up of ancient buildings that were built for Athena, the goddess and protector of the city. The Parthenon is one of the most famous parts of the Athenian Acropolis and was originally the centre of religious worship.

The Greeks paid homage to their watery surroundings and its god, Poseidon, the protector of the seas, with the Temple of Poseidon, which is close to Athens and overlooks the ocean. Well worth a visit!

A trip to the archaeological site of Olympia is also a great way to spend a day outdoors. It is, as you can guess, where the Olympic Games started, way back in 776 BC.

Treat your taste buds

What would a trip to Greece be without indulging in authentic Greek cuisine? So, take a break from the once-in-a-lifetime tour activities. Relax at one of the many restaurants. Tantalise your taste buds with local favourites like dolmades, moussaka, souvlaki, fresh seafood, tomato keftedes, and choriati (Greek salad). Enjoy your meal with a strong Greek coffee, and finish it with melomakarona (honey cookies) and ouzo (anise aperitif).
